# HEALTH INVENTORY

## Information and Instructions for Parents/Guardians

### **REQUIRED INFORMATION**

The following information is required prior to a child attending a Maryland State Department of Education licensed, registered or approved child care or nursery school:

- **A physical examination by a physician or certified nurse practitioner completed no more than twelve months prior to attending child care.** A Physical Examination form designated by the Maryland State Department of Education and the Department of Health and Mental Hygiene shall be used to meet this requirement (See COMAR 13A.15.03.02, 13A.16.03.02 and 13A.17.03.02).
- **Evidence of immunizations.** A Maryland Immunization Certification form for newly enrolling children may be obtained from the local health department or from school personnel. The immunization certification form (DHMH 896) or a printed or a computer generated immunization record form and the required immunizations must be completed before a child may attend. This form can be found at: [http://ideha.dhmh.maryland.gov/IMMUN/pdf/896\\_form.pdf](http://ideha.dhmh.maryland.gov/IMMUN/pdf/896_form.pdf)
- **Evidence of Blood-Lead Testing for children living in designated at risk areas.** The blood-lead testing certificate (DHMH 4620) (or another written document signed by a Health Care Practitioner) shall be used to meet this requirement. This form can be found at: <http://apps.fcps.org/dept/health/MarylandDHMHBloodLeadTestingCertificateDHMH4620.pdf>

### **EXEMPTIONS**

Exemptions from a physical examination, immunizations and Blood-Lead testing are permitted if the family has an objection based on their religious beliefs and practices. The Blood-Lead certificate must be signed by a Health Care Practitioner stating a questionnaire was done.

Children may also be exempted from immunization requirements if a physician, nurse practitioner or health department official certifies that there is a medical reason for the child not to receive a vaccine.

The health information on this form will be available only to those health and child care provider or child care personnel who have a legitimate care responsibility for your child.

### **INSTRUCTIONS**

Please complete Part I of this Physical Examination form. Part II must be completed by a physician or nurse practitioner, or a copy of your child's physical examination must be attached to this form.

If your child requires medication to be administered during child care hours, you must have the physician complete a Medication Authorization Form (OCC 1216) for each medication. The Medication Authorization Form can be obtained at

[http://www.marylandpublicschools.org/NR/rdonlyres/B0050A99-6B3C-4396-A996-CC9405971A42/36556/1216\\_MedAuth\\_073013.pdf](http://www.marylandpublicschools.org/NR/rdonlyres/B0050A99-6B3C-4396-A996-CC9405971A42/36556/1216_MedAuth_073013.pdf)

If you do not have access to a physician or nurse practitioner or if your child requires an individualized health care plan, contact your local Health Department.

## CHILDREN WHO ARE REQUIRED TO RECEIVE LEAD TESTING

Under Maryland law, children who reside, or have ever resided, in any of the at-risk zip codes listed below must receive a blood lead test at 12 months and 24 months of age. Two tests are required if the 1st test was done prior to 24 months of age.

**If a child is enrolled in child care during the period between the 1st and 2nd tests, his/her parents are required to provide evidence from their health care provider that the child received a second test after the 24 month well child visit. If the 1st test is done after 24 months of age, one test is required.**

The child's health care provider should record the test dates on page 3 of this form and certify them by signing and stamping the signature section of the form. All forms should be kept on file at the facility with the child's health records.

## This Brochure Provides Information About:

- The requirements that State-regulated family child care homes and child care centers must meet;
- Your rights and responsibilities as the parent of a child in regulated care, and
- How and where to file a complaint; if you believe your child care provider has violated State child care licensing regulations.

## Who Regulates Child Care?

All child care in Maryland is regulated by the Maryland State Department of Education (MSDE), Division of Early Childhood Development. Within the Division, child care licensing is the specific responsibility of the Office of Child Care (OCC), Licensing Branch.

All child care facilities must meet minimum health, safety, and program standards set by Maryland law. To remain licensed, facilities must maintain compliance with those standards. Every licensed facility is inspected by OCC at least once each year to evaluate the facility's compliance with child care regulations.

OCC's thirteen Regional Offices are responsible for licensing activities, including:

- Issuing child care licenses;
- Inspecting child care facilities;
- Investigating complaints against licensed child care facilities;
- Investigating reports of unlicensed (illegal) child care; and
- Taking enforcement action when necessary to achieve compliance with regulations.

There are two types of regulated child care facilities: *family child care homes* and *child care centers*.

## Family Child Care Homes and Child Care Centers Must Meet the Following Requirements:

- Have the approval of OCC, the fire department and other local agencies, as required (i.e., zoning, health, and environment).
- Provide care only in the areas of the facility that have been approved for use.
- Have the license issued by OCC posted where it is easily and clearly visible to parents. The license shows:
  - the maximum number of children who may be present at the same time;
  - the age groups which may be served, and
  - the facility's approved hours of operation.
- At all times, each child must be supervised in a manner appropriate to the child's age, activities, and individual needs.
- All areas of the facility used for child care must be clean, well lit, and properly ventilated. Room temperatures should be comfortable.
- If food service is provided, food must be stored, prepared, and served in a safe, sanitary and healthful manner.
- The facility must offer a daily program of indoor and outdoor activities that are appropriate to the age, needs and capabilities of each child.
- An up-to-date emergency information card must be on file and maintained for each child.
- The facility must post an approved emergency evacuation plan and conduct evacuation drills at least monthly.
- Child discipline procedures must be appropriate to a child's age and maturity level and may not include the deliberate infliction of physical or emotional pain. *Corporal punishment of any kind is strictly prohibited.*

## ADDITIONAL INFORMATION

### The Maryland Child Care Credential

Maryland has a voluntary child care credentialing program that recognizes child care providers' education, experience and professional activities at six levels.

Credentialed providers are authorized and encouraged to display the seal issued by the MSDE Office of Child Care.

### Program Accreditation

Child care programs have the option of becoming state or nationally accredited. Accreditation means that the facility and staff have met program standards of quality.

### Child Care and the Americans with Disabilities Act

The federal Americans with Disabilities Act (ADA) requires all child care programs to make reasonable efforts to accommodate children with disabilities. For more information about the ADA, please contact the OCC Regional Office in your area or one of the following organizations:

**There are certain requirements that apply only to homes or centers.**

**Family Child Care Homes**

- Up to 8 children may be in care at the same time if the home meets certain physical requirements. No more than 2 children under the age of two, including the caregiver's own, may be in care at the same time unless the home has been approved to serve additional children in this age group and an additional adult is present. Under no circumstance may care be provided at the same time to more than 4 children under the age of two
- Each applicant for a family child care license must
  - Have a criminal background check and child abuse/neglect clearance.
  - Submit a recent medical evaluation, and
  - Complete pre-service training requirements, including certification in first aid and CPR.
- Each adult resident of the home must also have a criminal background check and child abuse/neglect clearance
- After becoming licensed, the caregiver must periodically complete additional training. Also, current certification in first aid and CPR must be maintained at all times
- Each caregiver must have at least one substitute who is available to care for the children in the event of the caregiver's temporary absence from the home. Each substitute is subject to approval by OCC and must have a child abuse/neglect clearance. If paid by the caregiver, a substitute must also have a criminal background check. Before allowing a substitute to provide care, the caregiver must tell the substitute how to reach parents in the event of an emergency and familiarize the substitute with the home's child health and safety procedures.

**Child Care Centers**

The center director and staff members who have group supervision responsibilities must meet minimum education, experience, and training qualifications. They must also meet continued training requirements each year.

The director and all paid center employees must complete a criminal background check and a child abuse/neglect clearance, and submit a medical evaluation

- In each classroom, staff/child ratios and maximum group size requirements must be maintained at all times. The following table shows some basic age groupings and the applicable requirements
- | Age Group        | Ratio | Maximum Size |
|------------------|-------|--------------|
| 0 – 18 months    | 1:3   | 6            |
| 18 – 24 months   | 1:3   | 9            |
| 2 years          | 1:6   | 12           |
| 3 – 4 years      | 1:10  | 20           |
| 5 years or older | 1:15  | 30           |
- For every 20 children present, there must be at least one staff member who is currently certified in first aid and CPR.

**Your Rights and Responsibilities as a Child Care Consumer**

- You have the right to:
  - Expect that your child's care meets the standards set by Maryland's child care licensing regulations (NOTE: the regulations are available online at [www.marylandpublicschools.org/MSDE/divisions/child\\_care/regulat](http://www.marylandpublicschools.org/MSDE/divisions/child_care/regulat)).
  - Visit the facility without prior notification any time your child is there.
  - See the rooms and outside play area where care is provided during program hours.
  - Be notified if someone in the family child care home smokes. In child care centers, smoking is prohibited.
  - Receive advance notice when a substitute will be caring for your child in a family child care home for more than two hours at a time.
  - Give written permission before a caregiver may take your child swimming, wading, or on field trips.
  - Give written authorization before any medication may be administered to your child.
  - Be notified immediately of any serious injury or accident. If your child has a non-serious injury or accident, you must be notified on the same day.
  - File a complaint with OCC if you believe that the caregiver has violated child care regulations

Any complaint you make to OCC about the care your child is receiving will be promptly investigated by OCC. Review the public portion of the licensing file for the facility where your child is or has been enrolled, or where you are considering enrolling your child.

**How Do I File a Complaint?**

If you wish to file a complaint, contact the OCC Regional Office in the area where the child care facility is located. Complaints may be filed anonymously. Listed below are Regional Offices and their main telephone numbers

**Dear Parent/Guardian:**

Maryland child care regulations require your child care provider to verify that you received a copy of "A Parent's Guide to Regulated Child Care." On the lines below, please write the name of each child you have placed in the care of this provider. Complete and sign the statement at the bottom, tear off and give this portion of the brochure to the child care provider for retention in the facility's files.
